

MARTINEZ REFINERY

Fact Sheet

Refinery Information

Tesoro's Martinez Refinery is located in Martinez, California on 2,200 acres and has a crude oil capacity of 166,000 barrels per day (bpd). Using crude oils from California and other domestic and foreign sources, the refinery produces motor fuels, including cleaner-burning California Air Resources Board (CARB) gasoline and CARB diesel fuel, as well as conventional gasoline and diesel fuel. The refinery also produces heavy fuel oils, liquefied petroleum gas and petroleum coke. The Martinez Refinery receives crude oil by tanker through the San Francisco Bay at the Tesoro Logistics LP Martinez marine terminal, a third party terminal in Martinez and third-party pipeline systems.
